Written Comments January 2012

# Oklahoma

#### VA / Community interface

We are just beginning our endeavor and we have one person that is trying to get educated plus educate 50 employees

### **Business Relationship**

Our billing person does a great job working with VA for payment

## **Continuity of Care**

Our Medical Director does a lot of follow-up because of not having easy access to VA physicians

Our hospice has been instructed by the VA physician the medical director of hospice is to sign all orders including initial and maintain management of patients care. VA physician will not sign even the initial orders for hospice care.
