# **We Honor Veterans State Survey**

Written Comments January 2012

## Pennsylvania

### **Veteran Emphasis**

We have employed a RN CaseManager who was employed at the VA Hospital hospice unit. She has contacted their medical director for the conversion to methadone being used at the VA. His response was not only immediate but also impressive.

We have a very strong relationship and contract with the Veteran's skilled nursing home.

#### VA / Community interface

We are very interested in gaining more information but have not had a lot of success accessing information

#### Reimbursement

I am unsure of reimbursement process
