

VET – VET

Project

*To begin, we would like your opinion of the “Vet-to-Vet” concept. Please **DO NOT** grade the Teacher Vet, but simply the **IDEA** of veterans supporting each other with information about End of Life Care.*

1. Over all, how do you feel about a trained veteran sharing information about End of Life Care with another veteran either in a group setting or one-on-one in the veteran’s home?

- It is a great idea; should have been done before (**Continue to Q.2.**)
- It is a good idea; it should work (**Continue to Q.2.**)
- Neutral; no feelings one way or the other. (**Skip to Q.4.**)
- It is not a good idea; probably won’t work. (**Skip to Q.3.**)
- It should not be done; won’t work. (**Skip to Q.3.**)

2. What 3 specific things about the program in general, most influenced your positive response to the program? Using the numbers 1, 2 and 3, place a “**1**” before the response that had the greatest influence, a “**2**” before the response that had the second greatest influence, and a “**3**” before the response that had the third greatest influence. (**THEN SKIP TO Q.4**)

- The information presented
- The concept of veterans helping veterans
- The use of military insignia, flags, etc., in the program
- The PowerPoint program
- Training veterans to give good information is a good idea
- The invitation to include my spouse
- Word of mouth from other veterans
- What I learned
- Relearning things I thought I knew, but was wrong about
- Other – Explain _____ (**Skip to Q.4.**)

3. What 3 specific things about the program in general, most influenced your negative feelings about the program? Using the numbers 1, 2 and 3 place a “**1**” before the response that had the greatest negative influence, a “**2**” before the response that had the second greatest negative influence, and a “**3**” before the response that had the third greatest negative influence: (**THEN GO TO Q.4**)

- Don’t like the idea of getting End of Life Care information from another veteran
- Want my End of Life Care information from my doctor
- Not necessary, already have my End of Life Care plans
- Don’t see how “Teacher Vets” would be trained
- Didn’t learn anything
- Don’t listen to what other people say, “don’t like word of mouth”
- Other – explain _____ (**Continue to Q.4.**)

4. What other information should the “Teacher Vet” be trained to talk about? Please list.
