- Give A Mile is a ‘not for profit’ online platform that enables people to visit a palliative ill person or people with a life threatening illness through crowdfunding of flights via donations of travel loyalty miles.
- Give a Mile is a 100% donation model – all miles given go to that specific person’s story to help them not to an organization in the middle.
- Funds that go to running our operation are raised separately and declared as such.
- We do ask and need people to donate money to help our operational costs and we are fully transparent on how these funds get spent.

## Ambassador program

We are looking to engage Give A Mile Ambassadors across Canada who will locally and nationally champion our organization - both finding patients who would benefit from the gift of one last goodbye, and also to help us raise awareness about loyalty point donations so that we can continue to fund flights.

If you would like to be an Ambassador or you have palliative colleagues across the country who we could contact to discuss Ambassadorship with, please let Alison know at [alison.potter@giveamile.org](mailto:alison.potter@giveamile.org) or through our general mailbox at [info@giveamile.org](mailto:info@giveamile.org)
