## **Flight Calgary to Ottawa**

**“My mother Renice is dying. I spoke with Michelle today and she told my mom’s death said it is getting closer and is imminent.....with the COVID-19 and pay cut to keep our jobs, plus eye surgery this November, I don’t have enough money to get home. I know my mom would feel my presence and it would give her comfort. Please consider me.”**

The flight was for a married couple to fly from Vancouver to Toronto. The couple has been trying to have a baby for over 5 years. This past summer with IVF they got pregnant with twins. Unfortunately, they lost twin A due to complications. They underwent a procedure to try and save twin B in Vancouver, however it was unsuccessful. They needed an emergency flight to fly to Toronto to attempt a different procedure to ensure Twin B's survival. For any chance for the second baby they needed to fly right away. We were able to arrange their two flights within 4 hours of them contacting Give A Mile. They flew yesterday!!!

Give A Mile

**Flight for Son to see his Mom. Fort Smith Arkansas to San Jose California**

I would very much like to see my mother for thanksgiving as this may be her last. She is receiving hospice care for cancer. I am asking for your help as I am self-employed and have been out of work since the pandemic started and was not given any stimulus and was denied unemployment twice. My mother means the world to me and I know how much it would mean to her to see me for the holidays. Thank you for taking the time to read this and when I'm back on my feet I will be more than happy to pay it forward.

RECORDING YOUR VIDEO			
<p>Give a Mile's success is dependent on the generous donations from the community and their collected travel points. Video is a key tool in driving awareness and donations about the miles needed for our applicants. Video has a 75% great chance of raising donations vs. a written story.</p> <p>To record your application, we are using video technology that makes it really easy. You will be asked a few questions, please just be yourself and answer honestly. You can do this on your smart phone or computer. This should only take 5 minutes. You will also have the ability to delete answers and redo them.</p> <p>In the video please describe your story. Who you're going to see with the flight, why they are important to you, what is the illness and any other details you feel are relevant to share.</p> <p style="text-align: center;"> <a href="http://bit.ly/2xmfPdl">To record your video, click here ...</a>  <a href="http://bit.ly/2xmfPdl">http://bit.ly/2xmfPdl</a> </p>

# Flights under Covid-19

- We work with each health authority we are flying into to follow and comply with their local rules
- All flights are confirmed by medical support staff and we connect on COVID protocols at that time
