WE HONOR VETERANS 2020 ANNUAL REPORT

WeHonorVeterans.org veterans@nhpco.org

INTRODUCTION

We Honor Veterans (WHV), under the National Hospice and Palliative Care Organization (NHPCO) and in collaboration with the Department of Veterans Affairs, continues to serve with a simple goal at the forefront of all we do – care for and honor those who have served when they reach the end of life. The program has grown to be the most successful in the history of NHPCO because it all comes back to the Veteran.

HIGHLIGHTS

2020 has brought changes, challenges, and opportunities for growth and innovation. Pinning ceremonies have gone virtual, community engagement and support is now more important than ever, and we are all finding new ways to remain connected.

Trauma-Informed Care for Veterans on Hospice Initiative

- Aside from development in partner activity requirements, our Trauma-Informed Care for Veterans on Hospice Initiative supported efforts to improve access to key resources and services available from the VA such as palliative telemental health services, more uniform and routine Veteran care planning to address trauma-informed care elements (e.g., screening for PTSD and suicidal ideation), and using established curricula to improve hospice staff expertise in identifying and addressing the suffering associated with PTSD, Moral Injury, and Suicide Prevention. The Final Report is available on WHV's Trauma-Informed Care Webpage. 14 State Hospice Organization and Hospice-Veteran Partnership Grantee Accomplishments:
- 224 Hospices implemented Veteran Care Planning Protocols
- 3,385 Veteran patients screened using protocols
- 3,594 Training Attendees

WE HONOR VETERANS CELEBRATES 10 YEARS

September 12, 2020 marked ten years since the We Honor Veterans program was launched at NHPCO's Interdisciplinary Conference in Atlanta, GA. To the hospice staff, colleagues within the VA, volunteers, and Veterancentric organizations that make this program possible – we thank you for stepping up and continuing to put the wants and needs of Veterans first. It has been an honor and a privilege to call you our partners and there is so much more to come.

"NHPCO is proud and thankful to have worked closely with the Department of Veterans Affairs for over a decade. The support of the VA has fostered the growth and success of the We Honor Veterans program, which in turn has provided countless Veterans facing a serious illness with the care and resources they deserve. We look forward to many more years of this successful partnership."

Edo Banach, JD, President & CEO of the National Hospice and Palliative Care Organization
